TOTAL ACIDITY 4.62 g/l Tartaric acid

D-GLUCOSE + D-FRUCTOSE 0.23 g/l

DIOXYDE DE SOUFRE TOTAL 45.0 mg/l Dioxyde de soufre

HISTORY

It is the most personal interpretation of a wine that we have in the cellar. Years ago we decided to carry out several small semi-ageing winemaking with grapes from selected plots. The experiences obtained became the Loculto Selección. A different wine, closer to the oenological characteristics of each vintage.

THE 2020 VINTAGE

2020 was a perfect vintage for winemaking, classified by the Regulatory Council as "very good" and characterized by a vegetative cycle without major surprises. Several months of cold and fog in the winter gave way to a rainy spring and a very dry and hot summer, with little rainfall that made ripening in the old vineyard ideal.

ELABORATION

Loculto is a 100% Tempranillo wine from a relatively young vineyard, harvested manually and selecting the vineyards and their grapes. Before reaching the glass, it has fermented in steel tanks and later in French oak barrels for 9 months.

TASTING NOTES

A deep cherry red wine with shades of violet. Quite powerful fruity aromas of Blueberry, blackberry, toffee, caramel and grilled bread. Nice texture on the palate with voluptuous tannins. Perfect balance between ripe fruit and spicy wood with a toasted finish that gives it its own personality.
